Lippincott Williams & Wilkins (LWW) Oncology books, accessible via OvidSP - Ovid’s innovative medical research platform, offer several classic and gold-standard references in medical oncology and radiation oncology. These texts are essential for education, fellowship training and practitioner reference.

- Support all healthcare professionals in a fast-moving field from education to training to practice
- Provide access to relevant, up-to-date resources in oncology and its challenging sub-specialties including Genitourinary, Radiation Therapy and others
- Browse and download any multimedia videos or images included in a book
- Quick access to critical oncology resources to support residents and practitioners in real-world clinical situations

**Top LWW Oncology Books on Ovid Include:**

**DeVita, Hellman, and Rosenberg’s Cancer: Principles and Practice of Oncology**

Edition: 10th
Authors/Editor: DeVita, Vincent T. Jr; Rosenberg, Theodore S.; Lawrence, Steven
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-19294-0

More than 400 respected luminaries explore today's most effective strategies for managing every type of cancer by stage of presentation - discussing the role of all appropriate therapeutic modalities as well as combined-modality treatments. This multidisciplinary approach will help your cancer team collaboratively face the toughest clinical challenges and provide the best possible care for every cancer patient.

**Berek and Hacker’s Gynecologic Oncology**

Edition: 5th
Authors/Editor: Berek, Jonathan S.; Hacker, Neville F.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-0-781-79512-8

Berek and Hacker’s Gynecologic Oncology covers all topics relevant to the care of women with breast or reproductive tract malignancies, including cancer biology and genetics, tumor markers, screening, radiation therapy, chemotherapy, epidemiology, pre-invasive disease, preoperative evaluation, medical management, critical care, and nutrition.

**Principles and Practice of Pediatric Oncology**

Edition: 6th
Authors/Editor: Pizzo, Philip A.; Poplack, David G.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-605-47682-7

Principles and Practice of Pediatric Oncology is the most comprehensive textbook of pediatric oncology ever put together, covering biology and genetics and detailing the diagnosis, multimodal treatment, and long-term management of patients with cancer.

**Cancer Chemotherapy and Biotherapy: Principles and Practice**

Edition: 5th
Authors/Editor: Chabner, Bruce A.; Longo, Dan L.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-605-47431-1

Updated to include the newest drugs and those currently in development, Cancer Chemotherapy and Biotherapy, fifth edition, is a comprehensive reference on the preclinical and clinical pharmacology of anticancer agents.
**Diseases of the Breast**
Edition: 5th
Authors/Editor: Harris, Jay R.; Lippman, Marc E.; Osborne, C. Kent; Morrow, Moni
Publisher: Lippincott Williams & Wilkins (LWW)

Ideal for any clinician seeing patients with breast disease, especially carcinoma of the breast, this full color 5th edition of the authoritative text in the field is designed to foster the understanding necessary to provide optimal patient care.

**Perez & Brady’s Principles and Practice of Radiation Oncology**
Edition: 6th
Authors/Editor: Halperin, Edward C.; Brady, Luther W.; Perez, Carlos A.; Wazer, David E.
Publisher: Lippincott Williams & Wilkins (LWW)

The book’s comprehensive scope and abundantly illustrated format provide you with better understanding of the natural history of cancer, the physical methods of radiation application, the effects of radiation on normal tissues, and the most judicious ways in which you can employ radiation therapy in patient care.

**Principles and Practice of Gynecologic Oncology**
Edition: 6th
Authors/Editor: Barakat, Richard; Berchuk, Andrew; Markman, Maurie; Randall, Marcus E.
Publisher: Lippincott Williams & Wilkins (LWW)

Written entirely by surgeons, medical oncologists, radiation oncologists, and pathologists. Every chapter of this book has been either completely rewritten or extensively updated to ensure that everyone involved in treating women with gynecologic cancer will have the most comprehensive and up-to-date information on the subject.

**Manual of Clinical Oncology**
Edition: 7th
Authors/Editor: Casciato, Dennis A.; Territo, Mary C.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-11560-4

The manual focuses on information useful for participating in rounds and for making diagnostic and therapeutic decisions at the bedside of cancer patients. The seventh edition is a practical, accessible, comprehensive guide to the management of patients with cancer.

**Pediatric Radiation Oncology**
Edition: 5th
Authors/Editor: Constine, Louis S.; Tarbell, Nancy J.; Kun, Larry E.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-605-47260-7

This edition reviews all significant recent clinical trials—including, for the first time, significant European clinical trials—and provides increased coverage of international and Third World issues. The latest cancer staging guidelines are included.

**The Bethesda Handbook of Clinical Oncology**
Edition: 4th
Authors/Editor: Abraham, Jame; Allegra, Carmen J.; Gulley, James L.
Publisher: Lippincott Williams & Wilkins (LWW)
ISBN: 978-1-451-18758-8

A clear, concise and comprehensive reference book for the busy clinician to use in his or her daily patient encounters. It focuses less on etiology, pathophysiology, and epidemiology, and considerably more on practical clinical information.

**M.D. Anderson Surgical Oncology Handbook**
Edition: 5th
Authors/Editor: Barry W Feig MD, Dr Denise C Ching MD
Publisher: Lippincott Williams & Wilkins (LWW)

Now in a fully updated Fifth Edition, The M.D. Anderson Surgical Oncology Handbook continues to provide residents, fellows, and attending staff with a clear and concise roadmap to the surgical oncology principles for treating cancer. The handbook’s authors represent various disciplines within oncology and training programs, and they have spent at least two years at the M.D. Anderson Cancer Center studying only surgical oncology.

**Washington Manual® of Oncology**
Edition: 2nd
Authors/Editor: Govindan, Ramaswamy
Publisher: Lippincott Williams & Wilkins (LWW)

The Washington Manual® of Oncology, second edition presents the latest, most authoritative cancer management recommendations in the famous fast-access Washington Manual® outline format. This edition has been reorganized into three major sections: principles of oncology, site-specific diseases, and supportive therapy.
The handbook is a practical, disease-focused pocket reference that emphasizes the best current medical practice as it relates to the delivery of chemotherapeutic drugs. By focusing on specific plans for treatment, the book is an invaluable resource for the daily care of cancer patients.

**Handbook of Cancer Chemotherapy**

Edition: 8th  
Authors/Editor: Skeel, Roland T.; Khleif, Samir N.  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-1-608-31782-0

**Khan’s Lectures: Handbook of the Physics of Radiation Therapy**

Edition: 1st  
Authors/Editor: Khan, Faiz M.; Gibbons, John; Mhailidis, Dimitris; Alkhatib, Hassaan  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-1-605-47681-0

Khan’s Lectures: Handbook of the Physics of Radiation Therapy provides a digest of the material contained in the Physics of Radiation Therapy. Lectures are presented somewhat similar to a PowerPoint format, discussing key points of individual chapters. Selected diagrams from the textbook are used to initiate the discussion.

**Radiation Oncology: Management Decisions**

Edition: 3rd  
Authors/Editor: Chao, K.S.C.; Perez, Carlos A.; Brady, Luther W.  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-1-605-47911-8

The book presents the most essential information that is immediately required in the clinical setting. The first eight chapters of the book focus on key basic concepts; the remaining 46 chapters describe treatment regimens for all cancer sites and tumor types. Includes coverage of pain and palliation, and covers all latest therapeutic techniques.

**Head and Neck Cancer: A Multidisciplinary Approach**

Edition: 4th  
Authors/Editor: Harrison, Louis B.; Sessions, Roy B.; Kies, Merrill  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-1-451-14487-1

Comprehensive, multi-disciplinary text addressing all aspects of head and neck cancer and crosses a wide spectrum of specialists, including surgical, radiation and medical oncologists, dentists, pathologists, radiologists, and nurses.

**Practical Gynecologic Oncology**

Authors/Editor: Jonathan S. Berek, MD; Neville F. Hacker, MD  
Publisher: Lippincott Williams & Wilkins (LWW)  

The Fourth Edition of this highly acclaimed volume is the most comprehensive, current, and practical reference on gynecologic oncology. It covers all topics relevant to the care of women with breast or reproductive tract malignancies.

**Principles and Practice of Palliative Care and Supportive Oncology**

Edition: 4th  
Authors/Editor: Berger, Ann M.; Shuster, John L., Jr.; Von Roenn, Jamie H  
Publisher: Lippincott Williams & Wilkins (LWW)  

Provides a source of both help and inspiration to all those who care for patients with cancer. Written in a reader-friendly format, this textbook not only offers authoritative and up-to-date reviews of research and clinical care best practices, but also practical clinical applications to help readers put everything they learn to use.

**Treatment Planning in Radiation Oncology**

Edition: 3rd  
Authors/Editor: Khan, Faiz M.; Gerbi, Bruce J.  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-1-608-31431-7

The intent of Treatment Planning in Radiation Oncology is to review clinical, physical, and technical aspects of treatment planning and present a contemporary version of the treatment planning process.

**The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins Manual of Cancer Nursing**

Edition: 2nd  
Authors/Editor: Shelton, Brenda K.; Ziegfield, Constance R.; Olsen, MiKaela M.  
Publisher: Lippincott Williams & Wilkins (LWW)  
ISBN: 978-0-781-74496-6

This handbook gives practicing nurses a comprehensive, easily accessible reference on cancer pathophysiology, treatment modalities, types of cancer, disease- and treatment-related complications, and oncologic emergencies.
